For over 35 years, The Asian Chamber of Chamber Houston is a non-profit organization (501c6) with past board members who have gone on and served as Houston City Council Members, corporation executives and successful business entrepreneurs.

ACC Membership consists of both individuals and companies from many different sectors (Asian and non-Asian) who are involved or interested in doing business with Houston's Asian-American communities or trade between Houston and Asian countries, as well as those who service such trade. The chamber also counts among its members representatives of local and federal government bodies as well as of consulates and other representative offices of Asian countries. By joining and supporting the ACC, you are immediately presented with opportunities to connect with businesses and public entities across the city.

Please use ACC membership as a resource in growing your business and supporting the Asian Business Community. Together we can get through this and continue moving forward in rebuilding our businesses and community.
